2027 Apportionments

As your church is preparing your 2027 Budget, we wanted to let you know that the Preliminary 2027 Apportionments have been distributed to the district offices for review. Your district may reach out to you during this time before the final apportionments are calculated. We will send Final 2027 Apportionments to each district by the end of August.

Local Church Audit

As we begin to look towards the fall and churches are planning their Charge Conferences, the local church finance team should designate an audit committee that is independent to conduct the audit. The Audit Committee should be composed of at least two people unrelated to the treasurer, financial secretary, pastor(s), finance committee chair, business manager, those who count the offerings, or the church secretary. The key to using an audit committee made up of people within the church is *independence*, both in fact and appearance with no bias. They can be members of your church or swapped with members from another church. Go to the online audit guide for step-by-step instructions.
