An Evening with The Benson Rice Storytellers

The Sudley United Methodist Church is fortunate to bring a story of good will among men and women. While battles between North and South raged over our area, three men's lives became intertwined ending in actions that showed the best of humanity. The Benson-Rice Storytellers retell their recollections during a time when our nation was horribly divided. The story is how a simple deed of human compassion brought together Col. John Rice, Corporal Amos Benson and Major General John Newton, and reconciled these former enemies, healing a community and the country. Please join us !
