and the
Board of Ordained Ministry

As Provisional Members prepare for Full Membership interviews, the Center for Clergy Excellence would like to offer this list of clergy members as advisors and support. The following ordained clergy have volunteered to serve as readers, participating in mock interviews and generally offering insight to their experiences in applying to the Board. Their advice is their own and not that of the Board of Ordained Ministry.

The Center for Clergy Excellence hopes that these individuals may prove to be helpful to you in your ministry journey as Provisional Members.
