in Specialized Ministries in The United Methodist Church

Youth Ministry

Educational Requirements

Individuals seeking professional certification in youth ministry in The United Methodist Church must meet the standards set by the General Board of Higher Education and Ministry's Division of Ordained Ministry. These include successful completion of five (5) certification courses relating to youth ministry. Persons are certified by their conference Board of Ordained Ministry (BOM) in cooperation with GBHEM.

Courses are designed to provide graduate academic experience for persons to qualify them for certification. Other requirements for certification include personal and church qualifications and experience in the area of urban ministry as determined by GBHEM.

The five (5) courses include theories and methods of teaching the Bible, exploration of the pedagogical and theological bases for ministries, and equipping persons as disciples for the transformation of the world. Courses also include an understanding of The United Methodist Church, its structure, curriculum, and resources.

Each course must be offered for no less than two (2) semester (or equivalent quarter) hours of graduate academic credit. All certification courses must be taken at a United Methodist seminary or approved graduate schools. Exceptions may be made for other seminaries on the University Senate-approved list in consultation with an annual conference BOM and GBHEM.

Three of the five courses may be taken online.

Candidates may participate in more than one course each year. A maximum of ten (10) years is allowed for the certification studies in ministry careers. Two years' experience working in specialized area is required for certification. Experience is defined as a contractual agreement with supervision, accountability, evaluation, and continuing education in a specialized ministry area. Sufficient experience is approved by the annual conference BOM and may also require pre-approval.

Should I seek Professional or Paraprofessional Certification?

Professional certification is available to persons with an undergraduate degree and graduate credit courses at a United Methodist seminary, approved graduate schools, or students graduating from a United Methodist-related college, where they have completed the required courses in an area of specialization and served two years in a specialized ministry area.

Paraprofessional certification is available to persons who may not have an undergraduate degree and are working in areas of specialized ministry. Paraprofessional certification does not carry academic credit and is designed for persons seeking training in a specialized ministry as a worker or volunteer.
