

Soul Story Ministries

Soul Story Ministries is here to provide individuals with a safe place to share the story of their lives and find in it the connection with the Holy.

Description

Telling our stories around the kitchen table at dinner time was an ancient practice that has kind of gone by the wayside. Now with us living apart from our families it is hard to find the space and time to share our life story with another. In our modern world we may blog them or tweet them but to sit and speak face to face (so to speak) – heart to heart makes the story come alive. In the richness of that time you can see God's hand in all you do. It provides the opportunity to see what God wants you to do as you live out your life story for God. As a pastor and spiritual director I can help people make that connection between our day to day living and the presence of the Holy One in all that we do. I can help people to deepen their relationship with God via new and refreshed spiritual formation exercises: new forms of prayer, journaling, Bible study, etc.

At Soul Story Ministries I offer: Spiritual Direction, centering prayer, prayer and Bible classes, Christian meditation groups, blog devotions, workshops, retreats, labyrinth walks/workshops, video learning, and On-line retreats and classes.

In retreat settings I can offer group spiritual direction using the Bible, spiritual reading, prayer, the labyrinth, and the sacraments of communion and the reaffirmation of our baptisms. In workshops I can teach new forms of prayer and help people identify with the life of the Saints and spiritual reading as well as Bible studies, studies of Biblical topics like pilgrimage or love or compassion, as well as history and other religious topics.
